before August 26th 2022

About the event

The primary focus of the symposium is to promote and encourage PhD students to share and discuss their work and build their network.

PhD students from the fields of “Forest Genetics and molecular Ecology” will have the opportunity to present their research topics, expand their network and exchange ideas and experiences with other PhD students.

FUTURE FORESTS -**

**SYMPOSIUM FROM PHD
STUDENTS FOR PHD
STUDENTS**

SEP2022

Friday, September 30

Excursion to Hainich National Park and the experimental sites of the Biodiversity Exploratories

Meeting point: we will start at 8:30AM (Büsgenweg 2)

[Register here](#)

Acknowledgements: Graduate School of Forest and Agricultural Sciences (GFA)

WEDNESDAY, SEPTEMBER 28

9.00 - 10.00 Welcome

10.00 - 10.30 Introduction

Session 1: Population genetics 10.30 - 11.00
Keynote by Dr. Deborah Leigh

11.00 - 11.30 Coffee break

11.30 - 12.30 Talks (4)

12.30 - 14.00 Lunch break

14.00 - 15.30 Talks (4)

15.30 - 16.00 Coffee break

Session 2: Functional genomics 16.00 - 16.30
Keynote by Prof. Dr. Stefan Scholten

16.30 - 17.30 Talks (4)

THURSDAY, SEPTEMBER 29

Session 3: Phylogenetics 9.00 - 9.30
Keynote by Dr. Natascha Wagner

9.30 - 10.30 Talks (4)

10.30 - 11.00 Coffee break

11.00 - 12.00 Talks (4)

12.00 - 14.00 Lunch break

Session 4: Free session 14.00 - 14.30
Keynote by Dr. Niels Müller

14.30 - 15.30 Talks (4)

15.30 - 16.00 Coffee break

16.30 - 17.30 Talks (4)

Georg-August-Universität
Göttingen
